

MOIZ AHMED

FRONT END DEV

Profile

Creative and goal-oriented professional with hands-on experience in front-end development and sales. Proven ability to design clean, responsive websites while effectively communicating with clients to drive sales and boost customer satisfaction. Adaptable, fast learner, and passionate about combining tech skills with people skills to deliver results.

Experience

- SALE'S EXECUTIVE

Chromosphere , Karachi | 2023 - Present

As a Sales Executive at Chromosphere, I focused on directly communicating with clients, understanding their needs, and providing the right solutions to close deals effectively. My role was centered around building trust-based relationships and converting leads into loyal customers through strong interpersonal skills and product knowledge.

Education

- MATRIC

Sahar schooling system , Karachi | 2022 - 2024
- WEB DEVELOPMENT

Aptech, Karachi | 2024 - Present

Currently pursuing a diploma in software and web development. The program emphasizes modern web technologies like HTML, CSS, JavaScript, and frameworks. I've gained experience in creating responsive websites, designing user interfaces, and utilizing front-end tools. The course also builds skills in teamwork, client communication, and basic backend development to prepare for real-world projects.
